ABOUT ME

Proven Scrum Master at Proshore Nepal, adept in stakeholder management and Scrum methodology, led teams to deliver projects within scope and budget. Excelled in coaching Agile practices, enhancing team productivity, and ensuring project success. Demonstrated exceptional team leadership and project management, contributing to significant client satisfaction and process optimization.

WORK EXPERIENCE

Scrum Master   Sept 2019 - Current
Proshore Nepal | Kathmandu, Nepal

- Managed multiple projects for clients based in the Netherlands, ensuring successful delivery within scope, time, and budget.
- Acted as a primary point of contact for clients, facilitating effective communication and addressing any concerns or requirements.
- Coached teams, stakeholders in Agile practices and provided necessary training to create positive mindset to Agile methodologies.
- Facilitate Scrum ceremonies including daily stand-ups, sprint planning, sprint reviews, and retrospectives.
- Collaborate with Product Owners to manage product backlogs and ensure clear understanding of project goals and deliverables.
- Identify and remove impediments to ensure team productivity and project timelines are met.
- Ensured that the project timeline are properly managed and projects are delivered on time.
- Utilize Project Managment tools such as Jira and Azure DevOps for tracking progress, managing tasks, and generating reports to provide transparency on project status.
- Utilized Google Looker Studio to enhance data visualization and reporting, improving decision-making processes for clients.
- Played a key role in hiring and onboarding new team members.

Projects Involved: De-Heus, SiteGuru, OPENRED, Digital Product labs
